

LENNOX

LOVING LENNOX THIS WINTER

When compared to electric heating, the warmth from natural gas is not as dry and keeps you warmer in winter. Lennox gas furnaces are engineered for the ultimate in energy efficient heating, delivering the perfect balance of temperature and humidity in every room of your home.

Lennox has been keeping homes and businesses around the world comfortable for over 120 years.

- Fast and quiet operation
- Energy efficient & cost effective
- Flexible installation and adaptable options
- Talk to Atlas Webster about how they can design a system with refrigerated add-on cooling to get you ready for summer
- Ask your Lennox dealer about the Lennox i-Comfort Wifi thermostat²
- 5 years parts & labour warranty¹

¹ For residential applications ² Sold separately
