

Heat Pumps

Classic GE Series

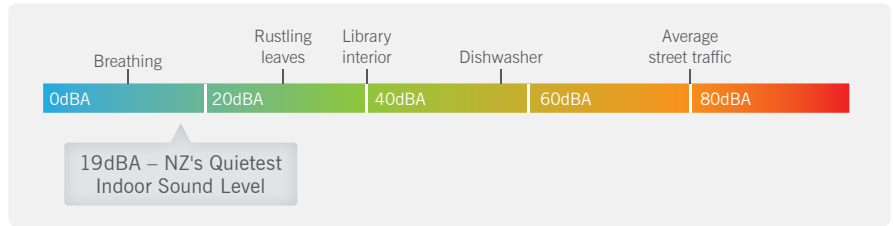

High Wall Mounted

The GE Series is our most popular heat pump range – a testament to exceptional product quality, reliability and superior heating performance. As New Zealand’s quietest indoor heat pumps*, they are ideal for installations where it matters most – in living rooms and bedrooms.

NZ’s Quietest Heat Pump

With an indoor sound level of only 19dBA, the GE25 and GE35 are still New Zealand’s quietest indoor heat pump ever!

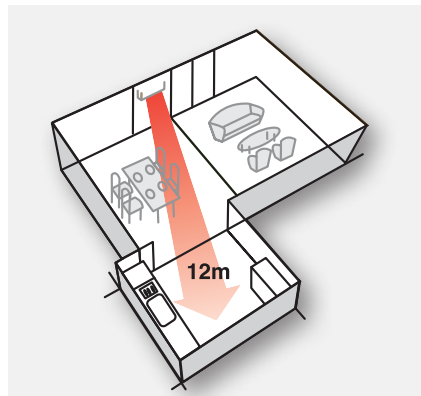

Energy Efficiency

Mitsubishi Electric’s i-Save and Econo Cool modes are included on all GE models. i-Save mode allows you to save temperature and fan speed combinations and return to these at the touch of a button. Meanwhile Econo Cool provides maximum energy efficiency in cooling mode.

Wide and Long Airflow

Now even the furthest corner of your room is effectively reached with Wide and Long Airflow modes.

(Available on GE60/71/80 models only.)

7-Day Programmable Controller

With up to four time and temperature settings for each day of the week possible, the 7-Day Controller is perfect for regulating energy usage without compromising on comfort.

(Available on GE60/71/80 models only.)

Features

- Whisper Quiet Operation
- Energy Star® Mark (GE35/60/71/80 only)
- Guaranteed Heating down to -15°C
- Anti Allergy Enzyme Filter
- Healthy Catechin Filter
- i-Save Mode and Econo Cool
- Wide and Long Airflow (GE60/71/80 only)
- Auto Change Over Function
- 7 Day Controller (GE60/71/80 only)
- Multi Room Compatible
- Wi-Fi Control Upgrade Option

Small to Medium Rooms

MSZ-GE25VAD
Heating Capacity: 3.2 kW (1.3kW~4.5kW)

MSZ-GE35VAD
Heating Capacity: 4.0 kW (1.6kW~5.3kW)

MSZ-GE42VAD
Heating Capacity: 5.4 kW (1.4kW~6.0kW)

MSZ-GE50VAD
Heating Capacity: 5.8 kW (1.4kW~7.2kW)

Large Rooms

MSZ-GE60VAD
Heating Capacity: 6.8 kW (2.0kW~9.3kW)

MSZ-GE71VAD
Heating Capacity: 8.1 kW (2.2kW~9.9kW)

MSZ-GE80VAD
Heating Capacity: 9.0 kW (2.2kW~11.1kW)

*MSZ-GE 25/35 indoor sound level
